OSTEAQVAM SVPERIORIBVS annis tres Cantionum libros, GEMMAE MVSICA-LIS nomine proscriptos typis meis in publicum volgavi, & exinde etiam cotidiano velut flagitio multorum prastantium virorum ad labores ejuscemodi perseverandos instigatus sum; hoc jam quicquid est operis qualecuma, non insuperhabita & neglecta officii mei ratione, mei ipsius ex ceteris laboribus re-

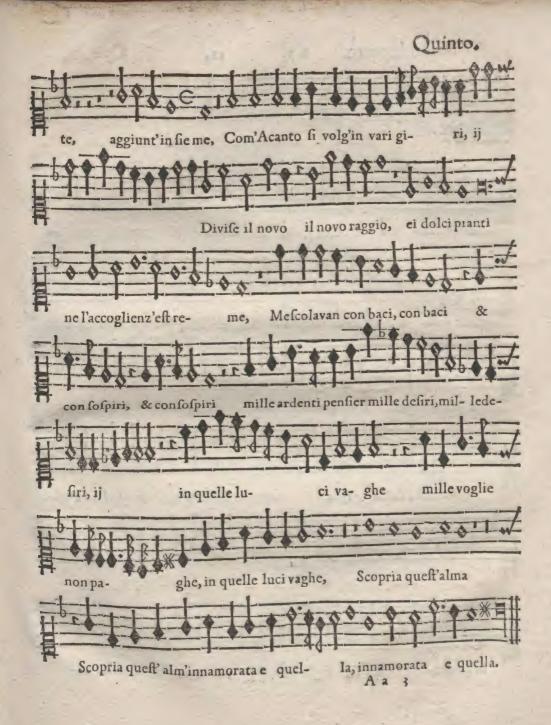

ficiendi & recreandi potissimum suscepi: sicut & ceterum (que est ingeniorum inter homines diversitas, alio ad aliud ludi & recreationis genus magis inclinante) horas meas subsectivas vix possum, quin in hac laudatissima arte Musica collocem, easque potissimum cantiones colligam, ac velut sub signa quasque sua revocem, que quidem in Italia terra, Musica velut unica atatis nostra nutricula, prius impressa funt, sed quarum vel exemplaria nimis cito vendita ad hos oras non pervenêre, aut pretio nimio emtorem non immeritò

absterrere potuerunt.

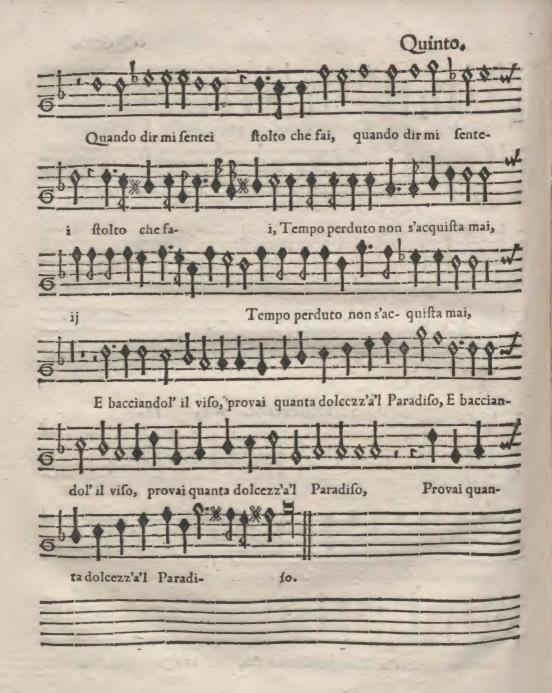

Quod meum consilium quam plurimis cordatis viris & Musices cultoribus omnino me probaturum consido, omnes simul & singulos, in quorum manus hoc prasens opus, eique alia consimilia pervenient, admonitos cupio, ne judicit pracipites (ut sape experiri cogimur) comprehensas eimodi libris cantiones contemnant & velut deculpatas abjiciant: cum nemo non hoc mihi largiri & rei veritate victus concedere cogatur, sapicule non tam ipsarum cantionum culpa sieri, quàm per quorundam, eorum prasertim, qui canendi minus sunt periti, errorem stare, quo minus vel suavissima quaque meletemata placere soleant. Quare recte atque ordine seceris, quicumque Musices amatorem profiteris sie sas sapius & attentisime cum amicis cecineris, quo siet, ut & melius aquius que de illarum bonitate pronunciare posis, & mihi etiam in consimilibus operibus porrò quoga adotnandis animus addatur: vale.
